MARSHALL PLAN FOR AMERICA IS A MUST by Drew Pearson

What the United States needs today is a giant Marshall Plan to rebuild the ghettos of our big cities and rehabilitate their people. We spent several billion rebuilding the ruin cities of Europe after World War II and putting both our allies and our enemies back on their feet. It was a good investment. We still spend about three billions a year to battle communism around the world.

Meanwhile, we have Negro insurrection in our major cities with effects worst than communism. all because we refuse to remedy the basic causes— poverty slum housing, overcrowded schools, inadequate teachers, alcoholism, and crime. These are conditions which the Communist countries that we oppose abroad have remedied but which get progressively worse in America.

The chances of getting a Marshall Plan for America through Congress, however, are almost nil— for two reasons:

1. The violence of the American Negro which has turned public sentiment against him. He is his own worst enemy. The more he wreaks vengeance on the white man, the more the white man, who is in a majority, turns against him.

2. The makeup of Congress which is elected by white rural America; with the small town holding

control of the key committee chairmanships. Men like Rep. William Colmer of Mississippi, who heads the rules committee and can control which legislation reaches the House for a vote, is not going to help push a Marshall plan for America. As a result of riots, more and more northern congressmen are now lining up with the So.

Both Points are illustrated by what happened in Congress last week. While Negro violence spread from Newark, to Plainfield, to Detroit, the House of Representatives laughed down a relatively small appropriation of \$20 million to fight slum rats, and earlier cut the model cities program in half while killing rent subsidies altogether.

The birthday party for Pickle, popular mgr. at the Red Robin was a swinger with more foxes attending than they have in the forest, like Carole, Roslyn, Maxine, Elaine, Mrs. Pickle Williams Sr., Mr & Mrs Donald Thomas, Edward & Barbara Bennett, Doris, Joan, Anna, Willia, Earlene, Louis, Margie, Ann, Cora, Connie, Fran, Jaye, Barbara, Margaret, Dorothy, Estelle, Elmore, Rose & John Good, Marjorie, Rose, Dietra, R. T. White, Tom white, Ophelia, and John the quiet one. It was a gasser.

Carole of the Chicken Shack is very lovely with a lot of personality but something is worrying her, for she is starting to get a little "snow on the roof". Ha Ha.

Dana of the P.O.N. a new acquisition to this wonderful staff of men is challenging Johnny Murray as the ladies man the chicks are

flocking his way too.

Sweet Lee, popular stick-man at the A & S had Pearl, Harriet, Verdell, Mattie, Mary, Sandra all foxes making him turn everywhere but loose, when they were on the scene. It was a real ball.

Dot, lovely prop. at Herby Luncheonette had the pleasure of serving after the storm two foxes in Marion and Linda who caught her boss soul food.

Hawk, is fastly becoming one of the most popular "bike" men when he payed a visit to Buffalo as a return favor when they visited him at his place of business.

Lovely Mary, Jan, and a few more foxes ventured to Montreal Canada to visit Expo '67 and they say its fantastic.
